

THE 'VIRTUAL CFO' OF YOUR ORGANIZATION

www.cfo-services.info

BP2 Consultants is a Pune based financial consulting & services firm.

BP2 Consultants offers Value Benefits to companies setting up shop in India as also for the existing SMEs through its 'CFO' Services. These services essentially are those functions which a Chief Financial Officer of an organization performs, meaning, BP2 renders strategic, functional and operational services & advice in the role of a Chief Financial Officer. Any organization looking to outsource the functions of a Chief Financial Officer to BP2 would derive value benefits, cost benefits, resource optimization benefits and various other tangible & intangible benefits.

Professionally competent and real time services with an 'Out-of-the-box' approach, are BP2's forte. Enabling and assisting new companies & SMEs to move up the Value Chain involves a conscious deployment of core competencies at hand and BP2 does this masterfully, thus making it a 'Virtual CFO' for these organizations. BP2 Consultants seamlessly harnesses its skills in the CFO functional range while facilitating achievement of optimum results for its clients through Systems enhancement, Organizational improvements, Evolution of measurable business plans and Growth strategies.
